

Workshop Introduction to Hybrid Materials Fundamentals and Applications

In conjunction with Sol-Gel 2009
Porto De Galinhas, Brazil
August 23, 2009

Workshop Coordinators :
Christophe Barbé (Ceramisphere, ANSTO, Australia)
Guido Kickelbick (Saarland University, Germany)

Workshop Schedule

09:00-09:15 *Introduction/ opening*

09:15-10:15 **Introduction to hybrid materials**

by **Dr. C. Sanchez** (UPMC/CNRS/Collège de France, Paris, France)

10:15-10:30 *Coffee Break*

10:30-11:30 **Silicon precursors for hybrid materials**

by **Dr. M. Wong Chi Man** (ENSC Montpellier, France)

11:30-12:30 **Non silicate chemistry in the preparation of hybrid materials**

by **Prof. G. Kickelbick** (Saarland University, Sarrebrücken, Germany)

12:30-14:00 *Lunch*

14:00-15:00 **Hybrid materials for electronics and optoelectronics**

by **Dr. P. Falcaro** (CSIRO, Clayton, Australia)

15:00-16:00 **Protective coatings for polymers**

by **Dr. J. Puetz** (Carl Zeiss Vision GmbH, Aalen, Germany)

16:00-16:15 *Coffee Break*

16:15-17:15 **Hybrids for biological and medical applications**

by **Dr. C. Barbé** (Ceramisphere Pty Ltd, Menai, Australia)
